

Isaac Thompson, 4 years old, has been diagnosed with a rare form of leukemia known as Juvenile Myelomonocytic Leukemia. He is currently undergoing chemotherapy at Sanford Children's Hospital and will need a bone marrow transplant in Minneapolis, MN in the near future.

First Baptist Church of Parker, where Isaac and his family are members, is hosting a benefit to help the family with medical expenses.

The family would appreciate your prayers during this difficult journey.

Isaac Thompson Benefit

Sunday, February 12th, 2012
